Introduction

This is the **Revised Fourth Quarter Report** for SFY 2006-2007 under the SFY 2004-2007 Performance Contract. This report includes data on the performance requirements specified in Attachment III, System Performance, of the contract. Some requirements are tracked on a quarterly basis. Others are tracked on a semi-annual or annual basis. For reasons of economy, only those requirements with a report due in the current quarter are included in this report.

It should be noted that beginning with the second quarter, all LMEs (except Piedmont Behavioral Healthcare) have signed the SFY 2004-2007 Performance Contract. Piedmont is operating under a Medicaid Waiver and has a separate performance contract with the Department.

The following changes have been made to the report this quarter:

- The annual audit measures that were scheduled to be reported in the fourth quarter (1.3.1-1.3.4., 1.5.1., 1.6.2., and 1.7.1.) will not be reported this fiscal year. They were deferred until next fiscal year in order to conduct other priority special audit requirements.
- The two community capacity plan measures for MH and DD (1.3.5.) were not applicable this year, as special funds were not allocated for this purpose.
- The results for measure 1.2.4. Access Line were not included, as the measure is being revised.

The tables on the following pages list the report schedule, provide the performance requirements and standards, and show LME performance for the current state fiscal year under the SFY 2004-2007 Performance Contract.

Overall, LMEs met or exceeded over two-thirds (69.2%) of the 22 performance standards reported this quarter -- 56.3% of the three clinical performance standards, 69.0% of the six system management performance standards, and 72.4% of the 13 administrative performance standards for SFY07. This represents an improvement over the prior quarter.

Questions or Concerns

If officials of an LME have questions about any of the individual requirements reports or believe that information contained in this report is in error, they should contact their LME liaison within 30 days of the report date. The LME liaison will assist in getting answers to questions and/or having errors corrected. The Division will publish a revised report at the time of the next quarterly report if corrections are necessary due to Division errors.

Access, Triage and Referral.
1.2.1. Access to Emergent Care (Current Quarter Detailed Report)

Performance Requirement: LME maintains a log for each request for service and submits a quarterly report by the 20th day of the month following the end of the quarter. Reports shall be submitted on time and show the number of persons requesting services, the number and percent that are determined to need emergent care, and the number and percent for which access was available within 2 hours of the request. Access is defined as having a qualified provider on the physical premises ready to provide immediate care as soon as the consumer is available to receive care.

Best Practice Standard: 100% of cases that are determined to need emergent care are provided access within 2 hours from the date/time of request.
SFY 2007 Standard: 85% of cases that are determined to need emergent care are provided access within 2 hours from the date/time of request.

2006 - 2007 Performance Contract
Fourth Quarter Report
April 1, 2007 - June 30, 2007

Access, Triage and Referral.
1.2.2. Access to Urgent Care (Current Quarter Detailed Report)

Performance Requirement: LME maintains a log for each request for service and submits a quarterly report by the 20th day of the month following the end of each quarter. Reports shall be submitted on time and show the number of persons requesting services, the number and percent that are determined to need urgent care, and the number and percent for which a face-to-face service (assessment and/or treatment) is provided within 48 hours of the request.

Best Practice Standard: 100% of cases that are determined to need urgent care are provided a face-to-face service (assessment and/or treatment) within 48 hours from the date/time of request.

SFY 2007 Standard: 85% of cases that are determined to need urgent care are provided a face-to-face service (assessment and/or treatment) within 48 hours from the date/time of request.

Notes:

- Dates that are shaded and in bold font indicate reports that are not received by the due date. Late reports are not counted in determining whether either standard was met.
- Offered But Declined includes consumers that were offered an appointment within the target time frame but declined for personal convenience or necessity and requested a later appointment; or were scheduled for an appointment within the target time frame but called and rescheduled it to a later time.
- Percents that are less than 85% are shaded and in bold font.
- ★ = Met the Current SFY Performance Contract Standard. ★★ = Met the Best Practice Standard.
- If the number of persons determined to need this level of care equals "0", the performance standard will not apply and the "Met Std" will be grayed out.

1.2.2. Access to Urgent Care (Year-to-Date Summary Report)

Performance Requirement: LME maintains a log for each request for service and submits a quarterly report by the 20th day of the month following the end of each quarter. Reports shall be submitted on time and show the number of persons requesting services, the number and percent that are determined to need urgent care, and the number and percent for which a face-to-face service (assessment and/or treatment) is provided within 48 hours of the request.

Best Practice Standard: 100% of cases that are determined to need urgent care are provided a face-to-face service (assessment and/or treatment) within 48 hours from the date/time of request.

SFY 2007 Standard: 85% of cases that are determined to need urgent care are provided a face-to-face service (assessment and/or treatment) within 48 hours from the date/time of request.

Fourth Quarter Report
April 1, 2007 - June 30, 2007

Access, Triage and Referral.
1.2.3. Access to Routine Care (Current Quarter Detailed Report)

Performance Requirement: LME maintains a log for each request for service and submits a quarterly report by the 20th day of the month following the end of each quarter. Reports shall be submitted on time and show the number of persons requesting services, the number and percent that are determined to need routine care, and the number and percent for which a face-to-face service (assessment and/or treatment) is provided within 7 calendar days of the request.

Best Practice Standard: **100%** of cases that are determined to need routine care are provided a face-to-face service (assessment and/or treatment) within 7 calendar days from the date/time of request.

SFY 2007 Standard: **85%** of cases that are determined to need routine care are provided a face-to-face service (assessment and/or treatment) within 7 calendar days from the date/time of request.

1. Dates that are shaded and in bold font indicate reports that are not received by the due date. Late reports are not counted in determining whether either standard was met.
2. **Offered But Declined** includes consumers that were offered an appointment within the target time frame but declined for personal convenience or necessity and requested a later appointment; or were scheduled for an appointment within the target time frame but called and rescheduled it to a later time.
3. Percents that are less than 85% are shaded and in bold font.

2006 - 2007 Performance Contract
Fourth Quarter Report
April 1, 2007 - June 30, 2007

Access, Triage and Referral.
1.2.3. Access to Routine Care (Year-to-Date Summary Report)

Performance Requirement: LME maintains a log for each request for service and submits a quarterly report by the 20th day of the month following the end of each quarter. Reports shall be submitted on time and show the number of persons requesting services, the number and percent that are determined to need routine care, and the number and percent for which a face-to-face service (assessment and/or treatment) is provided within 7 calendar days of the request.

Best Practice Standard: 100% of cases that are determined to need routine care are provided a face-to-face service (assessment and/or treatment) within 7 calendar days from the date/time of request.

SFY 2007 Standard: 85% of cases that are determined to need routine care are provided a face-to-face service (assessment and/or treatment) within 7 calendar days from the date/time of request.

Service Management.
1.3.5. Transition To Community Services (Psychiatric Hospital Bed-Day Allocations)
(Cumulative Year-To-Date)

Performance Requirement: In order to facilitate the transition of consumers from State-Operated facilities to community-based services and to prevent the overutilization of State-Operated facilities when it would be more appropriate to serve consumers in their communities, LMEs have been given the responsibility of authorizing inpatient and ADATC admissions and working with State-Operated facilities to return consumers to appropriate community-based services as soon as practical following admission. To facilitate this effort, LMEs are expected to keep their inpatient and ADATC utilization within annual bed-day allocations for various categories of beds.

Best Practice Standard: The LME uses 90% or less of its annual bed-day allocation per category.

SFY 2007 Standard: The LME uses 100% or less of its annual bed-day allocation per category.

1.6.1. Quality Improvement Process

Performance Requirement: The LME shall submit an annual Quality Improvement report that describes how it has used its QI process to address service service delivery system issues in at least one of the following areas: (a) building service capacity, (b) ensuring continuity of care during divestiture of services, and/or (c) ensuring the use of evidence-based practices. The report provides information about the QI projects that have been undertaken and addresses the following elements for each project: (1) the basis for choosing the issues targeted for improvement (e.g. data analyzed), (2) strategies developed to address identified issues, (3) actions taken, (4) an evaluation of results to date, and (5) recommendations for next steps.

Best Practice Standard: At least 5 QI projects were undertaken. All 5 elements were addressed for each project.

SFY 2007 Standard: At least 3 QI projects were undertaken. 3 elements were addressed for each project.

Quality Management and Outcomes Evaluation.
1.6.3. Incident Reporting

Performance Requirement: The LME analyzes Level II and Level III incidents reported by providers, in accordance with 10A NCAC 27G .0600, to determine trends and take action to make system improvements. The LME shall submit quarterly reports [by the 20th of the month following the end of the quarter] summarizing Level II and Level III incidents reported by providers. The report will include summaries of (1) data analyses to identify patterns and trends, (2) strategies developed to address problems, (3) actions taken, (4) the evaluation of results, and (5) next steps. DHHS will review the reports for evidence of an effective incident review process.

Best Practice Standard: 100% of reports show clear evidence of an effective process containing all 5 elements (1-5 above).

SFY 2007 Standard: 75% of reports show clear evidence of an effective process containing at least 4 elements.

Screening Records

Performance Requirement: LME submits required CDW record types by the 15th of each month. Consumers who are screened by the LME's Access Unit and determined to have a mh/dd/sa problem will have a completed cross-reference to the Common Name Data Service (CNDS) in CDW within 30 days of the initial contact.

The table below shows the percentage of clients screened during the prior quarter (January 1, 2007 - March 31, 2007) with a cross-reference to the CNDS completed within 30 days of initial contact.

Best Practice Standard: 100% of consumers screened by the LME's Access Unit who are determined to have a mh/dd/sa problem have a completed cross-reference to the CNDS within 30 days of initial contact.

SFY 2007 Standard: 90% of consumers screened by the LME's Access Unit who are determined to have a mh/dd/sa problem have a completed cross-reference to the CNDS within 30 days of initial contact.

1.8.2.9. Consumer Information - NC Treatment Outcomes and Program Performance System (NC-TOPPS)
Initial Assessments

Performance Requirement: The LME, through providers, will collect outcomes information on its consumers following sampling methods and reporting schedules for the instrument being used. The instrument used will depend on the type of consumer. The NC-TOPPS is required for all MH/SA consumers ages six and older and shall be entered in the web-based system within 30 days of completion of the assessment as specified in the NC-TOPPS Implementation Guidelines. The expected number of initial assessments will be based on the number of consumers in the relevant target populations for whom services are reimbursed through the IPRS or MMIS reimbursement systems during the time period under review. To ensure accuracy and completeness, data reported below are for two quarters ago (time-lagged two quarters).

Update Assessments

Performance Requirement: The LME, through providers, will collect outcomes information on its consumers following sampling methods and reporting schedules for the instrument being used. The instrument used will depend on the type of consumer. The NC-TOPPS is required for all MH/SA consumers ages six and older and shall be entered in the web-based system within 30 days of completion of the assessment as specified in the NC-TOPPS Implementation Guidelines. An update assessment must be completed within two weeks before or after the required update month (e.g. 3-months, 6-months, 12-months, 18-months, etc). All update assessments shall be complete and accurate. The DMH/DD/SAS shall annually sample consumers with initial assessments to determine the timeliness and accuracy of 3-month update assessments. The 3-month update assessments shall be administered between 76 and 104 days after the initial assessment.
